## What is this product?

---

**Objectives:** The Unity Mutual Guaranteed Investment Bond (Series 6) is a life assurance policy which enables you to invest your money and provides you with capital protection and a guaranteed return of 1.10% per annum after five years.

The Unity Mutual Guaranteed Investment Bond aims to:

- allow you to invest a lump sum for five years or more.
- provide capital protection for your investment throughout the term.
- provide a guaranteed level of growth if you leave your policy invested for five years.
- provide a guaranteed payment if you die.

**Where is the money invested:** Your money is invested in our Unity Mutual Fund. We use this money to invest in asset classes that enable us to provide the policy benefits, such as return of your lump sum and guaranteed growth over the term of your investment.

**Intended retail investor:** The Guaranteed Investment Bond is available for tax purposes using a Stocks and Shares ISA route, or via a non-ISA path as a life assurance policy.

For non-ISA investments it is possible to set it up using a joint life basis.

**How much can you invest:** A single premium investment of between £1,000 and £250,000 per customer with no further contributions.

**Insurance benefits:** The table below shows what would be paid to your estate if you should die during the term of the policy:

Policy year of death *	Year 1	Year 2	Year 3	Year 4	Year 5
Annual rate of return paid on death	0.30% pa	0.45% pa	0.60% pa	0.75% pa	0.90% pa

\* Interest accrues on a daily basis up until the date of death.

**Recommendation:** The investment is designed to be held for at least five years. Although, the effect of inflation could reduce what your investment will buy in the future.

The Bond guarantees that you will get back at least what you put in plus a reduced level of growth. However, if you cash-in your investment before the end of five years, you will not be entitled to the full level of growth that you would receive at maturity on your lump sum after five years.

## What are the risks and what could I get in return?

### Risk indicator

The summary risk indicator (SRI) assumes you keep the plan for 5 years. The actual risk can vary significantly if you cash in at the early stage.

- Although your investment is protected, we have classified this account as 3 out of 7, which is "medium-low" risk class. This rates potential losses from future performance at a medium-low level.
- The risk category is not guaranteed and may shift over time.
- On closing your Bond early you would receive all your investment back and you may also receive a reduced level of growth.
- The risk indicator is based on the guaranteed return.

### What happens if Unity Mutual is unable to pay out?

We are covered by the Financial Services Compensation Scheme (FSCS). If we cannot meet our obligations, you may be entitled to compensation under the scheme. Circumstances vary, but as this product is categorised as a long-term insurance product under the compensation scheme, it means you are covered for 100% of the claim with no upper limit for the claim amount in the unlikely event Unity Mutual default.

Further information on the scheme, the amounts covered and how it can be obtained from the FSCS, can be found at [www.fscs.org.uk](http://www.fscs.org.uk). or by calling Tel: 0800 678 1100.

### What are the costs?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs.

The amounts shown overleaf are the cumulative costs of the product itself, for three different holding periods. The figures assume you invest £5,000 single premium. The figures show costs of nil as the costs of the product are reflected in the guaranteed return provided.

### Costs over Time

Investment £5,000 single premium	1 year	3 years	5 years
<b>Total Costs</b>	0.00	0.00	0.00
<b>Impact on return (RIY) per year</b>	0.00%	0.00%	0.00%

---

## How long should I hold it and can I take money out early?

---

The Bond has a five year term.

The money in your Bond can be withdrawn at any time, however, you will receive a lower level of growth on your investment than at maturity as shown below:

Policy year	Year 1	Year 2	Year 3	Year 4	Year 5
Annual rate of return paid on surrender	0.30% pa	0.45% pa	0.60% pa	0.75% pa	0.90% pa

## Can I change my mind?

Following receipt of your application you will be given 30 days in which to change your mind, at which point a full refund of any contributions paid will be refunded. Please refer to section 5 of the Guaranteed Investment Bond Terms & Conditions for more information.
